

Woven labels

PRODUCT SPECIFICATION STARTER / 17 OCTOBER 2026

Woven labels form the design from coloured threads. They are commonly used for brand names, logos, neck labels and hem details.

Construction choices to discuss

Material / construction	Damask, Taffeta, Satin weave, Fine damask - high definition review, Metallic gold or silver yarn - review required, Recycled polyester - subject to availability
Shape	Rectangle
Fold	Straight cut, Center fold, End fold, Mitre fold, Manhattan fold
Backing / attachment	Sew-on, Iron-on, Adhesive

Send a complete quotation brief

Artwork or reference picture; finished width and height; quantity per design; colours; material and attachment preferences; delivery country and any deadline. For folded labels, show visible size, cut size and allowance. For packaging, clarify internal or external dimensions.

Approval and documentation

Options are reviewed for the actual design and use. The written quotation confirms minimum quantity, sampling, setup requirements, pricing and lead times. Supplier-certified yarn documentation applies only where specified and within its stated scope. No company or finished-product certification is implied.

This sheet is a specification aid, not a quotation, production proof or guarantee of every option in every construction.
